About APAHC Conference

The 8th National Conference of Association of Psychologists in Academic Health Centers will address the many clinical, research, training, and administrative topics pertinent to psychologists and other providers working in academic health centers.

**Keynote speakers will include Katherine Nordal, Ph.D., Nancy Schlichting, MBA, and W. Douglas Tynan, Ph.D., ABPP.** Dr. Nordal is the Executive Director of the APA Practice Directorate and will give an address on advocacy and the accessibility of psychology via healthcare systems. Ms. Schlichting is the CEO of Henry Ford Health System and Chairperson on the Commission on Care, formed to examine access to and delivery of care in the VHA, and will give an address on leadership in academic medicine and the impact on patient safety, provider well-being, and diversity. Dr. Tynan is the Director of Integrated Health Care at APA and Acting Director of the APA Center for Psychology and Health and will give an address on integrated mental and behavioral health services in healthcare settings.

Of note, **APA President-Elect Jessica Henderson-Daniel, PhD, ABPP,** will be presenting on Individual and Cultural Diversity Competency in Healthcare. Additional speakers and panels will address important topics such as provider wellness, interprofessional education, training for and integrating into medical settings, leadership and quality initiatives in medical settings, ethics in medical settings, interventions with diverse patients, treatment of chronic pain, and Holistic CBT.

The Conference is a great opportunity to learn a range of skills valuable to functioning as a psychologist in an academic health center, meet new colleagues, and reconnect with old colleagues. We also encourage providers of other professions to attend to continue and grow collaborations.

We look forward to seeing you in Detroit!
Pre-Conference Workshops

Thursday, March 9, 2017

Early Career Boot Camp

- Biannual, day-long, interactive workshop intended for post-doctoral fellows and early career faculty/staff.
- Application to the Boot Camp is open to psychologists within 10 years of their doctorate. Space is limited and preference is given to those earlier in their careers.
- There is no charge for the Boot Camp.
- Registration for the Early Career Boot Camp is closed.
- Notifications will be sent in December 2016 for received applications.

Mid Career Boot Camp

- Biannual, day-long, interactive workshop intended for mid career faculty/staff.
- Application to the Boot Camp is open to psychologists greater than 10 years post doctorate. Space is limited.
- There is no charge for the Boot Camp.
- Please visit the APAHC Conference webpage to download the application form. HTTPS://APAHC.WILDAPRICOT.ORG/EVENT-2263500
- Submit materials to Gene D’Angelo PhD at eugene.dangelo@childrens.harvard.edu.
- Deadline for applications will be December 31, 2016.
- Notifications will be sent in February 2017 for received applications.
Thursday, March 9, 2017

APA Internship Site Visitor Training

- No cost to participants for attending.
- Breakfast and lunch are typically provided for those attending full-day workshops.
- Required of new visitors to be eligible to conduct accreditation site visits. Please review the criteria for being a site visitor. Open to new site visitors and experienced site visitors. Experienced visitors should attend the workshop at least every five years.
- Continuing Education (CE) credits: Each participant attending the full workshop receives 7.5 CE credits for licensed psychologists, and the Office of Accreditation pays those fees. You will be mailed your certificate a few weeks after the workshop.
- There is a need in the site visitor corps for generalists (psychologists in areas other than clinical, counseling, and school).
- The CoA makes a special effort to ensure diversity among site visitors. Therefore, the commission strongly encourages the nomination of women and members of underrepresented groups.

APA Self-Study Workshop

- No cost to participants for attending.
- Open to anyone interested in learning more about the Accreditation Guidelines and Principles (G&P) and how to apply them in being responsive to the self-study instructions.
- May be especially helpful to programs that will be submitting self-studies in the near future for initial or continued accreditation.
- These workshops are not an avenue for individual program consultation. Please contact the office if you have questions specific to your training program.
- No CE credits are offered for this workshop.

Please email Jessica Jentilet, APA Site Visitor Manager, at jjentilet@apa.org for additional information about the Internship and Postdoc Visitor Training and/or Self-Study Workshop.
